PROFILE

Machine learning specialist with expertise in machine learning frameworks and tools. Passionate about deploying AI solutions that drive measurable business impact.

WORK EXPERIENCE

Solo Mobile Developer, anbtech.xyz

Las Vegas, Nevada

July 2024-Present

Designed, developed, monetized, and published a mobile application to the Apple app store. Maintained a positive relationship to customers after purchase by providing them application support and updates.

DigiMart Nutrition Manager, Lutheran Social Services of Nevada

Las Vegas, Nevada

July 2023-July 2024

Managed the nutrition department and oversaw warehouse operations for the food pantry while establishing and maintaining a digital storefront (DigiMart) to streamline client shopping experiences.

IT Intern, Station Casinos, LLC

Las Vegas, Nevada

Summer 2022

Made use of endpoint management software and other tools to aid the cybersecurity department in reducing the company's overall risk of cyber breaches.

VOLUNTEER EXPERIENCE

Lutheran Social Services of Nevada

2014-2020

Supported the project managers by entering client data into the food pantry systems.

Supported the development and fundraising team by preparing direct mail to donors.
